

Therapy at home to help you recover

CARDIOLOGY SERVICES

Our cardiac rehabilitation focuses on providing appropriate therapeutic exercise with ongoing education to those who have experienced heart-related events. Trust the therapists at Infinity Rehab at Home to help you in your recovery and reach your full potential.

Our cardiology services can help with:

- Cardiac-targeted exercise prescription
- Education for heart-healthy living
- Improving cardiac fitness
- Building endurance training
- Energy conservation instruction
- Maximizing functional return to exercise, hobbies, and social life

HOW DOES IT WORK?

- We conveniently come to you
- We conduct one-on-one sessions
- We work directly with your physician and care team to ensure a collaborative approach
- We work with Medicare and most HMO plans
- We verify insurance prior to treatment
